COMO CURIOSIDADE

Fizeram uma nova Constituição na Bolívia que falta aprovação, se aprovado serão 37 idiomas oficiais (tenho duvidas se todos tem gramatica e/ou são considerados idiomas). Existem programas ou partes de programas de radio em algumas emissoras locais em estes dialetos ou idiomas. Os mais destacados são Quechua, Aymara, Guarani e Mojeño.

vai o texto abaixo:

NUEVA CONSTITUCIÓN POLÍTICA DEL ESTADO (BOLIVIA)

Artículo 5. I. Son idiomas oficiales del Estado el castellano y todos los idiomas de las naciones y pueblos indígena originario campesinos, que son el aymara, araña, baure, bésiro, canichana, cavineño, cayubaba, chácobo, chimán, ese ejja, guaraní, guarasu'we, guarayuy, itonama, leco, machajuyai-kallawaya, machineri, maropa, mojeño-trinitario, mojeño-ignaciano, moré, mosetén, movima, pacawara, puquina, quechua, sirionó, tacana, tapiete, toromona, uru-chipaya, weenhayek, yaminawa, yuki, yuracaré y zamuco.

UNA NUEVA SEÑAL DE ONDA CORTA DESDE VENEZUELA

Saludos cordiales queridos colegas diexistas y amigos del mundo.

Espero que todos se encuentren muy bien.

Amigos la siguiente información la enviado el colega Dino Bloise desde los Estados Unidos y nos informa sobre una nueva señal en la Onda Corta desde Venezuela que estará muy pronto en el aire.

La noticia original en ingles está al final.

atte:

José Elías Díaz Gómez

Una nueva estación de transmisión de onda corta está ahora en construcción para el Servicio Internacional de Radio Nacional de Venezuela, Antena Internacional . La nueva instalación incluirá un transmisor de 50 kW a ser explotado en la banda tropical de 60 metros, y cinco de 100 KW para ser operados con varios arrays de antenas.

La nueva estación que transmitirá, se encuentra en el Estado Guárico, y la antena incluye varios sistemas de alta ganancia cortina de arrays y también cuadrantes antenas omnidireccionales tipo de corto y medio rango de cobertura. Los nuevos transmisores son del tipo de modulación de pasos de impulso, y muy eficientes desde el punto de vista de la conversión de energía.

Es que son capaces de producir un 100 por ciento señal modulada con mucha menos electricidad que lo que se requiere de un alto nivel de modulación del transmisor.

La Radio Nacional de Venezuela, departamento de ingeniería está a cargo del proyecto y se espera que el primer transmisor pueda estar en el aire muy pronto. El nuevo servicio de radiodifusión internacional de Venezuela va a ser una de las más modernas instalaciones y eficientes de la energía en las Américas, y sus sistemas de antenas se diseñaron con la cobertura de las Américas como el principal área de orientación, pero como era de esperar, puede ser escuchado en todo el mundo cuando las condiciones de propagación sean buenas. (Fuente: Arnie Coro, a través de RHC DXers Unlimited DX Listening Digest)

* Antena Internacional (también conocido como Canal Internacional) arrienda actualmente el tiempo de emisión de onda corta de Radio Habana, Cuba.

New SW station for Venezuela's Antena Internacional

Media Network

by Andy Sennitt

February 14, 2008

A new shortwave transmitting station is now under construction for the International Service of Radio Nacional de Venezuela, Antena Internacional*.

The new installation will include a 50 kW transmitter to be operated on the 60 metre Tropical Band, and five 100 KW shortwave transmitters to be operated with several antenna arrays.

The new transmitting station is located in the State of Guárico, and the antenna systems will include several high gain curtain arrays and also quadrant type omnidirectional antennas for short and medium range coverage. The new transmitters are of the

pulse step modulation type, and very efficient from the point of view of energy conversion, that is that they are capable of producing a 100 percent modulated signal with much less electricity than what is required for a high level plated modulated transmitter.

The Radio Nacional de Venezuela engineering department is in charge of the project and it is expected that the first transmitter may be on the air pretty soon. The new Venezuelan international broadcasting facility is going to be one of the most modern and energy efficient installations in the Americas, and its antenna systems were designed with coverage of the Americas as the prime target area, but as expected, it may be heard around the world when propagation conditions are good.

(Source: Arnie Coro, RHC DXers Unlimited via DX Listening Digest)

* Antena Internacional (also known as Canal Internacional) currently leases shortwave airtime from Radio Habana, Cuba.

080205 -----

Apenas algumas informações a respeito da Guarujá: - Não existe mais a Rádio Guarujá Paulista. Ela trocou de nome para Rádio Globo Baixada Santista. Emite apenas em 1550 kHz. Sua direção está a cargo de Evandro Rampazo; - A **Rádio Guarujá FM** existe e é comandada pelo jornalista Orivaldo Rampazo. Ele passou a direção da antiga Guarujá Paulista ao Evandro que optou em se associar ao Sistema Globo de Rádio. - O Sr. Rampazo é um entusiasta das ondas curtas. Por isso, ele faz relay da emissora que está sob sua administração em frequências que detém em ondas curtas e que jamais foram negociadas. - As frequências que o Sr. Rampazo usa são: 3235, 5045 e, em breve, 9715 kHz. No passado, apenas a título de testes, ele chegou a usar 3385, 5930 e 5940 kHz. - Portanto, o esquema da Globo com a Guarujá não tem nada a ver com as ondas curtas. Todos os relays são obra única e exclusivamente de iniciativa do Sr. Rampazo. Se, no futuro, o Sistema Globo quiser encampar as ondas curtas, o Sr. Rampazo disse que está "aberto à negociação". - O Sr. Rampazo está procurando uma frequência na faixa de 49 metros que esteja desocupada e que poderia ser "redirecionada" para a Guarujá FM. 73s, Célio Romais, Porto Alegre, RS, Brasil

Tuesday, January 29, 2008

Re: Neil, I was asking for a buddy on another list who heard it. I just went to the "way back machine" www.archive.org to find DXing in Vermont <http://www.hard-core-dx.com/redirect.php?http://www.rovers.net/%7Ehackmohr/> for his list of LA's, but no cigar on his list. His site has disappeared. Seems I saw that he was shutting down for repairs, etc. Tnx. 73 Gil

The DXing in Vermont LA list has been transferred to Italy: <http://www.hard-core-dx.com/redirect.php?http://home.tele2.it/MCDXT/LASWLOGS.htm>
However, it is about SW, not MW, and rather incomplete, with e.g. a lot of info available in DX Listening Digest missing.

America Latina in Onde Corte

Latin America on SW

Updated 14 December 2007

This list is for my and my friends personal use. I got the idea from superb Mohrmann's site, [Latin American Short Wave Logs](#). My list is just a simple one for a fast use, easy to print. Here I report only domestic services. If you find any international service it is to help you not to do mistakes.

Questo elenco è stato pensato per un uso personale. Riprende l'idea di Mohrmann ([Latin American Short Wave Logs](#)) di tenere monitorata l'area latinoamericana in onde corte, ma è molto semplificata per consultarla velocemente e per stamparla facilmente. Sono riportate solo le trasmissioni nazionali. Quelle internazionali vengono registrate nel caso si possa creare confusione tra frequenze vicine.
[via Radio & Communication LA SW, 071214]

** GUATEMALA. 4845 kHz, **Radio K'ekchi** (tentative), 0115 UT, with light male vocal music, poor, with strong sweeper QRN at times, 1x per second. November 19. SONY ICF 2010 with long wire (Roger Chambers, Utica, NY, Nov 21, ODXA yg via DXLD)
Roger, R. K'ekchi has not been heard for 2.5 years according to <http://home.tele2.it/MCDXT/LASWLOGS.htm>
If you were consulting Aoki, you would never know this, one of its drawbacks in including such inactive stations.
More likely 4845 is R. Cultura, Manaus, Brasil, currently active per recent reports and the MCDXT reference. See if you can determine if it's in Portuguese.
73, (Glenn Hauser, ibid.)
[via DXLD 7140, 071121]

[LA DX list' has moved](#)

October 17, 2007

The famous 'LA DX list' has moved to a new home. For the past year the MCDX (Mosquito Coast DX) Team has been doing the work of updating and improving the list and now they will also be hosting it. You can find further updates to the list at the MCDXT website at <http://home.tele2.it/MCDXT/LASWLOGS.html>

In addition to latest Latin America SW -loggings there's also enhanced content, such as links directory and stations directory with contact infos.

[Mark Mohrmann, via [DXing the Finnish Way](#)]

** PERU. Looking up the QRM to Japan on 6110, in the Aoki list I was surprised to find this entry:
6110 R. Intern. del Peru 0900-1600 1234567 Spanish 1 ND San Pablo PRU 07459W0745 Inter
6110 R. Intern. del Peru 2000-0200 1234567 Spanish 1 ND San Pablo PRU 07459W0745 Inter
No such station is listed anywhere else, not even in the archive section of **LA DX SW Logs** <http://home.tele2.it/MCDXT/LASWLOGS.htm>
and I have no recollection of it. Has anyone? Another imaginary item left over from ILG? (Glenn Hauser, OK, DX LISTENING DIGEST)

La lista di Mohrmann "italiana"

Wednesday, September 26 2007

La nota LA DX list di Mark Mohrmann è ora hostata su un servizio italiano, sullo spazio del Mosquito DX Team, il nuovo indirizzo per raggiungerla è [target=_new href="http://www.hard-core-dx.com/redirect.php?http://home.tele2.it/mcdxt/laswlogs.htm">http://home.tele2.it/mcdxt/laswlogs.htm](http://www.hard-core-dx.com/redirect.php?http://home.tele2.it/mcdxt/laswlogs.htm).
Come già detto, è una pagina dello spazio web degli attivissimi dxer del MCDXT raggiungibile all'indirizzo [target=_new href="http://www.hard-core-dx.com/redirect.php?http://home.tele2.it/mcdxt">http://home.tele2.it/mcdxt](http://www.hard-core-dx.com/redirect.php?http://home.tele2.it/mcdxt).
Lunga vita a quella che è una delle risorse fondamentali per il nostro hobby.

060915 - 070915 : 1 year of MCDXT LA sniffing!

a [Mark Mohrmann](#) message:

The LA DX list is moving to a new home. For the past year the MCDX Team has been doing the work of updating and improving the list and now they will also be hosting it. This will be the last edition of the list here, as this website is in the process of being retooled for purposes other than radio DX. You can find further updates to the list at the [MCDXT website](http://home.tele2.it/MCDXT/LASWLOGS.html) at <http://home.tele2.it/MCDXT/LASWLOGS.html>
Good luck, best wishes and 73's to all the *compañeros* at MCDXT

a [Mosquito CoastDX Team](#) message:

Many thanks Mark for your great and particular work to improve the LA DXing in many years of hard activity!
¡Muchas gracias Mark por haber en todos estos años desarrollado con tu importante labor el conocimiento y la afición hacia el DXismo LA en la Onda Corta!
Nuestro desafío es el de poder siempre mantener interesante y actualizada TU Lista.
